

Spotlight - University of Florida
(as featured on the <http://campusnow.org> website)

"Okay Jesus, if you are the God that you say you are, you better save me now, or else I will take my life". Those were the words that I uttered to the Lord in my sophomore year at the University of Florida. As a young minority woman growing up in low income housing, life seemed hopeless. India's Testimony (PDF)

From my knees on the floor in despair, to my hands raised praising God in the air, I've experienced a difference."

"As a sophomore at the University of Florida, I was fed up with the partying, boyfriends and other efforts of affection. Accustomed to rejection, I did whatever I could to get accepted. None of my options worked. That's when I got desperate. I cried out to God, "Okay Jesus, if You don't rescue me, I will take my life." That's when the door opened for a difference to take place in my life. The next week in class, a guy invited me to a Pentecostal church. As I attended more and more, I got baptized in Jesus name, and I hungered for more of God. That's when I finally sought God in my room for the Holy Ghost, with utterance in tongues, and the Lord filled me with His Spirit. Praise Jesus! After that, I felt different, and had to tell my friends.

After that beautiful supernatural experience that I received in January 2005, I was determined to make a difference in the world that I live in. I was obsessed with telling others about the Lord. I would tell the person sitting next to me on a school bus, to emailing 20,000 students about Jesus and bible study offers at the University. Already, I have seen over five friends of mine receive the gift of the Holy Ghost and most with baptism in Jesus name, along with healings and deliverances at our campus services!

Ever since that experience, I have experienced a love and a joy unspeakable. I am privileged to know Jesus, the Almighty God, and I have grown into an intimate relationship with Him, as He continues to love on me and my loved ones."
